**Harford County Plumbing Board  
Open Session  
October 4, 2016**

---

The Harford County Plumbing Board met in the 1<sup>st</sup> floor conference room, Department of Inspections, Licenses, and Permits, at 220 South Main Street on Tuesday, October 4, 2016. The following members were present:

**Members:**

Vernon Gauss, Chairman  
Steve Bogan, Vice Chairperson  
Scott Schott, Chief, Plumbing Services  
Brian Hendrix, Master Plumber  
Lisa Kalama, Environmental Health  
Heather McHugh, Secretary to the Board  
Steve Whalen, Pure Force Guest

The Plumbing Board minutes on October 4, 2016 were reviewed and approved.

**Old Business**

Further discussions around the septic system tracer wire will be addressed in future meetings.

**New Business**

The Harford County Plumbing Board (also known as, the Board) welcomed Brian Hendrix onto the Board.

The Board approved contractors using tagged UL 92 flame resistant plastic water heater pans.

The Board discussed code regulation around commercial chemical dispensing installation. Chemical dispenser contractors are not licensed to cut into water lines or install saddle valves. A licensed master plumber must be hired to perform such work. Chemical dispensing contractors may install a tee on the riser to the spray of a three compartment sink as long as there are built in check valves on the faucet or dual check valves on the hot and cold water supply. Chemical dispenser contractors can add a quick disconnect on mop sinks and are required to post signage reading disconnect when not in use.

There being no further business, the meeting was adjourned at 10:40 am.
