## **Harford County Executive Glassman Statement on Dementia Diagnosis for Former County Executive David Craig**

**BEL AIR, Md.**, (Sept. 22, 2020) - Harford County Executive Barry Glassman issued the following statement following former Harford County Executive David Craig's announcement that he has been diagnosed with dementia:

"After devoting his career to public service, David Craig continues to serve the citizens of Harford County and Maryland by raising awareness about dementia. His personal courage and concern for others are an inspiration. Having recently lost a family member to this devastating condition, I will be working to raise funds for respite care for affected families. We also want David and his family to know that Harford County will keep them in our prayers."
