Choose Your Path

CHOOSE YOUR PATH empowers teens to make informed decisions through education and open dialogue.

ABOUT

Choose Your Path is a drug, alcohol and mental health education program for youth in grades 6-12. Presented by the Harford County Office of Drug Control Policy, the program was inspired by surveys from local teens revealing details about their lives and the influences that shape their decisions.

Our goal is to help teens stand up to self-pressure, peer pressure and negative influences, and to help them make informed decisions based on facts about drugs and alcohol. Teens will also learn how mental health issues and stress can lead to drug use, and learn healthy coping skills. Making our youth aware of the influences around them better prepares them to make educated decisions.

FREE CLASSES INCLUDE:

- Alcohol, drug & mental health education
- Interactive activities
- K9 Unit demonstrations
- Group discussions
- Local community speakers
- Lunch & snacks
