

Kids are
people, too!

**Count
me
in!**
Census
2020

Many people forget to count their children under the age of five in the census. If you are a parent or guardian, remember to count your children. Their future depends on you.

- ▶ Many local, regional and state programs important to the welfare of kids receive federal funding on the basis of census statistics. Examples include:
 - Medicaid
 - Supplemental Nutrition Assistance Program (SNAP)
 - Medicare, Head Start/Early Head Start
 - Section 8 Housing programs
 - Supplemental Nutrition Program for Women, Infants and Children (WIC)

The U.S. census is a count of everyone where they live and sleep most of the time. If your child spends equal time in different homes, count them where they are on April 1, 2020.

- Mobile-friendly census form available mid-March 2020
- Please submit forms by **April 1, 2020**
- By law (Title 13) information is kept confidential
