

The holidays are quickly approaching! No family should have to choose between paying an electric bill, or providing gifts for their children over the holidays. United Way of Central Maryland is helping to provide these gifts so families in our Family Stability Program do not need to make this choice.

Adopt a Family - There are more than 200 families available for “adoption” by individuals, groups or workplace teams. You’ll receive wish lists for each member of the family and purchase gifts that will bring smiles to faces of all ages. [REGISTER HERE](#)

Holiday Pop Up Market - A one-stop winter wonderland for area families in need where they can choose free gifts for family members, get healthy food and personal items, and make use of resources including health screenings, tax preparation, flu shots and job recruitment. You’ll be paired one-on-one with a parent or a child to help choose and wrap gifts, read stories, make crafts and more. Help us make the holidays brighter for struggling families. **Volunteers must be 14 or older.**

Donate: Your gift can make a difference for a family in need this holiday season. Imagine being a child and waking up without a gift, or having the holidays pass without a warm meal. This is the reality for so many, but your gift ensures that families involved in our housing programs are gifted the clothes, books, and other items they need to truly celebrate the holiday season. Volunteer to Go (the holiday version) – These are volunteer options that can be completed in your office. You choose the project and let United Way take care of the rest! A monetary donation is required to cover the cost of supplies. For more information, contact beth.littrell@uwcm.org or visit <https://www.uwcm.org/main/holidays>
