HOW TO USE HARFORD TRANSIT LINK PLANNING YOUR TRIP

Harford Transit Link's fixed routes operate on regular schedules. To plan your trip, determine which route serves the area in which you want to travel. Determine when you would like to arrive at your destination and look at the bus arrival times to find which best suits your needs. Next, decide where and when you will need to catch the bus in order to arrive at your destination at the desired time. Plan to arrive at the bus stop five minutes early. It may be necessary for you to transfer if the bus that serves your destination does not serve the area in which you plan to board the bus. If so, consult a bus schedule for the route that serves the area in which you want to board the bus, and find the transfer point between the two routes.

You can also develop a travel plan by writing down your itinerary, the times and locations you'll board and get off the bus. Make sure you know when the next bus is coming in case you miss your bus.

Have exact change for your fare and cash in case of an emergency. Don't forget emergency contact information. Plan a safe route to and from the bus stop. Use cross walks and obey traffic signals.

Additionally, it's always a good idea to carry identification with you. Non-drivers can get a Maryland ID Card from the Motor Vehicle Administration. For more information, call 1-800-950-1682 or 1-800-492-4575 tty.

BOARDING AND EXITING THE BUS

On buses that have two doors, please board the bus at the front door and exit from the back door. Signal the driver at least one block from where you want to get off. You can do this verbally or by pulling the cord above the bus window.

TRANSFERRING

You may transfer for free from one bus to another at stops which are designated transfer points. If you need to transfer from one route to another, ask the driver for the transfer when you board the bus. Upon boarding the bus you are transferring to, please give the driver your transfer. After departing the bus, wait until the bus has left the stop before crossing the street. Do not attempt to cross in front of the bus because other drivers will not be able to see you. Transfers are valid for a maximum of two (2) hours from issuance or until connecting with desired bus at a transfer point - whichever time is shorter. Transfers are not valid on regional routes.

FLAG STOPS

Passengers using the fixed route service may get on or off a bus at a safe location, other than scheduled bus stops. A Flag Stop must be approved by the Harford Transit Administrator or his/her designee before a driver will be permitted to stop. Call Harford Transit at 410-612-1620 if you wish to make a Flag Stop.

For more information and a copy of the application, call Harford Transit Link at 410-612-1620 or MD Relay 711.
