

Harford Transit LINK

Application for Reduced Fare (for fixed route service) and/or Demand & Response/ADA Paratransit Services

There are several types of public transportation available throughout the State of Maryland, depending on the county in which you reside. We are pleased to inform you that Harford County through the cooperation of County Executive Barry Glassman and the County Council offers citizens a Fixed Route System, Demand & Response and ADA Paratransit services within Harford County.

Fixed Route Service: Bus service has designated bus stops along specific routes on set schedules. All buses now have features to make riding easier for people with disabilities, including wheelchair lifts or ramps and some buses have kneeling features, low floors and voice announcements. For Fixed Route schedules and maps please see our website: <http://www.harfordtransitlink.org> .

Demand & Response and ADA Paratransit Service: Is Origin-to-Destination (in accordance with Harford County's/Harford Transit LINK's Policy Manual) shared ride public transportation service for people whose disability and/or residential location prevents them from using Fixed Route Service. You must call in advance to make a reservation to travel. We also created a Riders Guide to help you understand how to ride the Harford Transit LINK system. You can access the Riders Guide at the following website: <http://www.harfordcountymd.gov/238/Ride-Guides> .

If your disability or environmental barriers prevent you from using our Fixed Route Service you may be eligible for Demand & Response (Origin-to-Destination, Paratransit) Service some or all of the time. Your ability to ride Fixed Route buses will be evaluated through the use of this application, an in-person interview and in some cases a functional assessment. A determination will be made within 21 days of your in-person interview or a presumptive eligibility will be granted until a determination of eligibility is made. When you are contacted for your in-person interview, it is to your benefit to schedule as soon as possible. Your application will not be processed without this step.

IMPORTANT: Medical condition or eligibility for other disability programs does not necessarily qualify you to use the Demand & Response (Paratransit) Service (Origin-to-Destination). Not having access to the fixed route bus service is not a qualifier.

What is the American with Disabilities Act (ADA)?

The Americans with Disabilities Act (ADA) is a civil rights law. The intent of the ADA is to remove barriers that have prevented people with disabilities from fully participating in life. **Under the ADA, Fixed Route Service is to be the primary means of public transportation for everyone, including people with disabilities.**

Travel Training: Harford Transit LINK offers free one-on-one and/or group training to teach people with disabilities and service providers how to ride our Fixed Route buses. For more information, please call to request travel trainer services at 410-612-1620.
