## **Update on Recycling in Harford County**

(Bel Air, MD) - - Blue plastic bags, which have been used for recycling purposes over the past several years, are becoming harder to find. Therefore, in an effort to help maintain a convenient curbside recycling program, the Harford County Department of Public Works, Recycling Office has added CLEAR and WHITE plastic bags as acceptable alternatives to blue plastic bags for recycling glass, plastic, aluminum and metal. Additionally, the sanitation companies serving Harford County have been informed of this change in the recycling program in order to help facilitate recycling efforts.

For further information on recycling in Harford County, contact the Recycling Office at 410-638-3417, Monday thru Friday during normal business hours.
