Public Input Sought for Revision to Stormwater Management Code

(Bel Air, MD) The Harford County Department of Public Works is seeking public input on a proposal to revise Chapter 214 of the Stormwater Management Code.

A revision to the County Code is required as the State of Maryland recently revised and updated the Stormwater Management Design Manual and COMAR Regulations. Subsequently, Harford County must now revised Chapter 214 of the County Stormwater Management Code also.

The Department of Public Works has scheduled a public meeting on Thursday, October 29, 2009 at 6:00 p.m. at the Harford County Council chambers. Members of the public and interested parties may attend the meeting to provide DPW with comments regarding the proposed revision. Written comments will be received through October 29 by submission to Michael L. Rist, P.E., Civil Engineer, Department of Public Works, Division of Highways and Water Resources at 212 South Bond Street, Bel Air, Maryland 21014.

A copy of the proposed revision to the Harford County Stormwater Management Code can be viewed at www.harfordcountymd.gov.

For additional information, contact the Department of Public Works, Division of Highways and Water Resources at 410-638-3545, Monday through Friday, 8:00 a.m. – 5:00 p.m.
