**Paul asked if anyone had any questions or topics they would like to discuss. The following were discussed.**

- **Harford County is one of the largest birding communities. Some of the following locations would be a great source to educate. Abingdon Woods, Eden Mill, Mariner Point Park and Swan Harbor.**
- **We discussed community gardens. Community gardens are a perfect source to educate high school students. This gives the students ownership and a sense of pride in the community. To provide produce and vegetables to food banks and kitchens.**
- **How to implement more youth programs. A good resource would be the 4H Club. Making the programs a challenge or competitive may be a draw.**
- **Signage along the trails to educate the community on the history. The vision of possibly having QR tags along the trails was suggested.**

**The next Advisory Board meeting will be held on Thursday, December 7, 2023 at 6:00p.m., at 702 N. Tollgate Road. The topic of the meeting will be Cedar Lane Park. Joe Pfaff, President of the Cedar Lane Sports Foundation (CLSF) will be attending.**
