## Harford County Reopens Tollgate Road between Plumtree and W. Ring Factory Road in Bel Air

**BEL AIR, Md.,** (Aug. 30, 2019) – Tollgate Road between Plumtree Road and W. Ring Factory Road in Bel Air reopened today following a major improvement project. Although the road is open, over the next few weeks the contractor will be performing some finish work that will be done while maintaining traffic through an intermittent one-lane closure during off peak hours.

This Harford County road improvement project included complete road reconstruction to increase the pavement's life expectancy and to widen the road, making cycling safer on this section of Tollgate. Sidewalk has also been installed along the east side to connect the nearby communities. To reduce flooding issues, the old triple cell culvert at the bottom of the hill, which

was deteriorated and undersized, has been replaced with a large arch pipe that will significantly increase the capacity for stormwater flow under the road.

While Tollgate is a main collector road in Harford County, it is also the home of many residents. Please drive responsibly on the new road and obey the posted 30 mph speed limit.
