Reducing The Risks
Part 1

Directions: Working cooperatively with your partner and using your Communication Skill Cues as a resource, please answer the following questions to contribute to the class discussion.

Please write which scenario you and your partner are analyzing: _____

- 1. Is there anything in this scenario that is cause for concern? Why or why not?

- 2. Which communication skill cues do you think should be used to best handle the situation?

Risks and Consequences Brainstorming
Part 2

Working with you partner, brainstorm possible risks and consequences under each of the categories listed below. When brainstorming, make connections to the impact to a person’s area of wellness.

| If you sent | If you received | If you requested | If you forwarded |
