

UNIT 6: Family Life and Human Sexuality**LESSON TITLE:** Sexually Transmitted Infections**Health Literacy Skill:**

- Core Concepts

MSDE Performance Indicators:

1c.8.13: Explain ways sexually active people can reduce the risk of HIV, and other STIs including condoms and preventive medications.

OBJECTIVES : Students will be able to explain the possible risks of being sexually active and explain ways to reduce the risk of HIV and other STIs.

Teacher Notes:

1. Teachers are encouraged to use best practices when presenting material to students.
2. Before starting the lesson, review class expectations and Family Life guidelines with the class.
3. Remind students of anonymous question protocol.
 - a) **Teacher Suggestion:** Question box and/or Anonymous Padlet Page.
 - b) Padlet page for students to use throughout the family life unit and/or quarter. This should be added to each lesson. Be sure to review the settings...attribution should be off; require approval should be on.
4. **Teachers should review Family Life Teacher Resources:**
 - a) Secondary Family Life Teacher Vocabulary Resource
 - b) Answering Difficult Question Document
 - c) Teaching Sensitive Topics in Health Education

VOCABULARY:

Sexually Transmitted Infection

Viral Infection

Bacterial Infection

Types of Viral and Bacterial Infections

Abstinence

Condoms

MATERIALS:

STI PowerPoint

STI Completed Notes

Motivation: Warm-Up : Ask students the following questions:

- a. What are the bodily fluids that spread sexually transmitted infections?
 - i. **Possible responses : Blood**, saliva, sperm. (Make corrections to provide accurate information when needed)
- b. What ways are bodily fluids spread?
 - i. **Possible Responses:** Sexually activity, transmission of blood, kissing (Make corrections to provide accurate information when needed)
- c. Teachers must use the questions above but can decide the best practice on how their students respond.

Lesson Procedures:

1. **Discussion:** Definition of an STI and explanation of how STIs are spread.
2. **Discussion: Preventing STI 's: Abstinence and Condoms:**
