

## What do you already know? Student Worksheet

**Directions:** Answer each question about condom use below to the best of your ability. It's okay if you're not sure. This is just an opportunity to share what you know or think you know. We will be going over each question together as a class.

QUESTION	ANSWER
Why is consent important?	
What can happen if a condom has expired?	
Why should one be careful when opening a condom package?	
Which way is the right way to put on a condom?	
What should one do if a condom is put on the wrong way?	
What can be done to reduce the chances of the condom breaking?	
Why is it important to hold the base of the condom when withdrawing?	
Why should one be careful in coming in contact with the fluid in the condom?
