## APPROVED BUDGET

### FY 25 budget signed: Protecting taxpayers, prioritizing public safety, education

Despite the challenges of a statewide economic slowdown, late last month I signed the county budget for FY 25, which protects taxpayers by holding the line on taxes and prioritizes public safety and education. I would like to thank my directors and all county employees for their dedication throughout this process. Once it's finalized, the [FY 25 county budget will be posted here](#).

## HARFORD COUNTY CHARTER

### Tax & spend legislation vetoed

For 50 years, the Harford County Council has acted as a check on government spending through their authority to cut line items from the budget. Now a majority of the council is pushing to increase spending too. The result in other Maryland counties where the legislative branch has this authority has been higher taxes. Therefore, I have vetoed [Bill 24-016](#), and I would like to thank Council members Guthrie, Giangiordano, and Reilly, who voted against the bill. [You can read my veto message here](#).

The council could move to override the veto and I encourage you to share your views with council members at [council@harfordcountymd.gov](mailto:council@harfordcountymd.gov).

## Celebrating Parks & Recreation Month

Harford County has many wonderful opportunities to celebrate Parks & Recreation Month in July. [Visit our website](#) to find programs for all ages and abilities, county parks with beautiful trails, themed playgrounds, and waterfront activities. We're also planning a special Parks & Recreation Day Friday, July 26 at Flying Point Park in Edgewood. Join us for games, arts & crafts, live demonstrations, water activities, a foam machine, and more!

## Homegrown Harford magazine highlights local agriculture

Homegrown Harford is our annual magazine highlighting the amazing people and places in our agricultural community. Now available online and in print, the sixth edition features stories about a revival of past farming practices and our next generation of agricultural scientists. Along the way, you'll learn about pollinator gardens and the history of our beloved Farm Fair. The [online version of Homegrown Harford](#) is on our website, and free copies will be available at the Farm Fair, all public library locations, a number of breweries and farms, and upon request by contacting our department of economic development at 410-638-3059 or [oded@harfordcountymd.gov](mailto:oded@harfordcountymd.gov).

## Veterans Corner: “Ask the question”

Summer is often a time when families move, and we want to welcome those arriving in Harford County. If you find yourself with new neighbors, ask the question: Do you or a family member serve, or have you served in the military, including the Reserves or National Guard? If so, resources are available on our [veterans commission website](#).

## Welcoming incoming commander at APG

One recent newcomer to Harford County is Brigadier General James Turinetti IV, the incoming Commanding General of the U.S. Army Communications - Electronics Command and Senior Commander at Aberdeen Proving Ground. Brigadier General Turinetti comes to us from United States Central Command (USCENTCOM) at MacDill Air Force Base in Tampa, Florida. Please join me in welcoming BG Turinetti and his family to our community.
