I further authorize the release of any information contained within this application to an authorized representative of the Department of Inspections, Licenses and Permits for further investigation.

Pursuant to Maryland Law, any master electrician insured to contract work who fails to maintain the required liability and property damage insurance shall be subject to a formal hearing which may result in the suspension or revocation of their license.

Signature

Date

Harford County Code § 105-28. **Term of license/registration; renewals.** (In compliance with Maryland Electrician Act of 2021, SB 762)

- A. All limited, restricted, and limited journeyman electrician registrations issued pursuant to this article shall expire on October 31 of each odd-numbered year. Applicants for registrations and renewals shall pay to the County a fee for a master, limited, restricted, journeyman or limited journeyman electrician's registration as provided for by the County Fee Schedule.

(2) After November 1 of the year in which the limited, restricted, or limited journeyman electrician's registration expires, a person, firm, or corporation shall not engage or hold themselves out as a limited, restricted, or limited journeyman unless the registration has been renewed or restored. If application for the restoration is made within 90 days after October 31, a registration which expires because of failure to renew prior to November 1 shall be restored only on the payment of the renewal fee and the restoration fee. If the application for restoration is not made within the ninety-day period after expiration, a renewal for a limited, restricted, or limited journeyman electrician's license may not be issued, and the Board may require compliance by examination before reissuance as if the applicant had never been licensed.
