I hereby certify, under penalty of perjury, that the information contained herein is true and correct to the best of my knowledge, information, and belief. I further authorize the release of any information contained within this application to an authorized representative of the Department of Inspections, Licenses and Permits for further investigation.

Pursuant to Maryland Law, any master electrician insured to contract work who fails to maintain the required liability and property damage insurance shall be subject to a formal hearing which may result in the suspension or revocation of their license.

_____ _____
Signature **Date**

Harford County Code **§ 105-28. Term of license/registration; renewals.** (In compliance with Maryland Electrician Act of 2021, SB 762)

A. All master and inactive master electrician registrations issued pursuant to this article shall expire on April 30 of each odd-numbered year. Applicants for registration renewals shall pay to the County a fee for a master or inactive registration as provided for by the County Fee Schedule.

(1) After May 1 of the year in which the master electrician's registration expires, a person, firm or corporation shall not engage or hold themselves out as a master electrician unless the registration has been renewed or restored. If application for the restoration is made within 90 days after April 30, a registration which expires because of failure to renew prior to May 1 shall be restored only on the payment of the renewal fee and the restoration fee. If the application for restoration is not made within the ninety-day period after expiration, a renewal may not be issued, and the Board may require compliance by examination before reissuance as if the applicant had never been licensed.
