Harford County Code §105-28 Term of license/registration; renewals.

A. “... All limited, restricted and limited journeyman electrician licenses and apprentice electrician and electrician’s assistant registrations issued pursuant to this article shall expire on October 31 of each odd-numbered year. Applicants for licenses and renewals shall pay to the County a fee for a master, limited, restricted, journeyman or limited journeyman electrician’s license or an apprentice electrician’s or electrician’s assistant’s registration as provided for by the County Fee Schedule....”

“(2) After November 1 of the year in which the limited, restricted or limited journeyman electrician’s license or an apprentice electrician’s or electrician’s assistant’s registration expires, a person, firm or corporation shall not engage or hold themselves out as a limited, restricted, limited journeyman or apprentice electrician or an electrician’s assistant unless the license or registration has been renewed or restored. If application for the restoration is made within 90 days after October 31, a license or registration which expires because of failure to renew prior to November 1 shall be restored only on the payment of the renewal fee and the restoration fee. If the application for restoration is not made within the ninety-day period after expiration, a renewal for a limited, restricted or limited journeyman electrician’s license may not be issued and the Board may require compliance by examination before reissuance as if the applicant had never been licensed.”
