

The Opioid Restitution Fund will

contribute to a healthy, thriving, and supportive community in Harford County through initiatives that address Prevention and Education & Centralized Treatment, leading to pathways of meaning and purpose.

Prevention and Education

Centralized Treatment

Families

- Data-driven, evidence-based education
- Intentional prevention strategies based on research
- Collaborative projects with schools, youth, and families
- Awareness and reflection in the broader community

Youth

Public Relations Campaign

24 hours

- Safe spaces for available resources
- Information for services
- Increased access to transportation
- Inclusive of the county's diversity, including but not limited to, ethnicity, geography, age, various insurances and uninsured
- Comprehensive post-treatment care for sustained recovery

Coordinated Care

Collaboration

Connection

Treatment

Community

As a result, the programs will:

- Meaningfully support people affected by opioid addiction
- Provide individuals and families the services and spaces they need
- Increase Awareness of the issues, stigmas, and possible solutions within the opioid crisis
- Increase prevention and education efforts with the goal to reduce use of opioids, overdoses, and substance exposed babies.
