PART 16 APPROVED CERTIFICATION FOR CONTRACTORS / VENDORS

I. GENERAL

- A. Approval procedures for certification of Water and Sewer Auxiliary Construction application as required by the Harford County Standard Specification. All work as described on Sheet #1 requires a written request to the following:

Division of Water and Sewer
Chief, Water and Sewer Maintenance
3111-A Philadelphia Road
Abingdon, Maryland 21009
wsmaint@harfordcountymd.gov

- B. The request must include projects where the specific function has been performed, along with contact names, phone numbers and or Email address which will allow Harford County to contact for references and compliance.
- C. The request must also include a list of company personnel and years of experience in performing this work and a list of the proper equipment needed to perform the work.
- D. The first test project approved will be monitored under the inspection of Water and Sewer for proper procedure and compliance. If final approval is given, the Utility Contractor will be placed on the acceptance list for future work.

II. WATER MAIN HYDROSTATIC PRESSURE TEST
